Dear Medina County Young Professionals,

The Food Pantry of The Medina United Methodist Church would like to thank you for your generous donation of 47 items in March. Please accept my sincere apology for not sending you this letter more promptly! Your continued support and willingness to give to others in our community is greatly appreciated. Because of you, struggling families in our community will have the food they need. The need is great, but through our work together we are making a difference!

Sincerely,
Katy Medley
